

## **CYM PARENT EXPECTATIONS**

**SPECTATOR CONDUCT RULES** – All parents and spectators will be held to the Spectator Conduct policies in the CYM Handbook, as well as the e-signed terms within your CYM registration.

**OFFICIALS** – Our league is a “training ground” for new officials, the same as it is for our players. They will make mistakes, just like every coach and player will make mistakes. In order for CYM to allow as many teams as each parish wants, we need to retain our officials, and not drive them away.

Officials should not be approached at any time, and should be shown respect throughout the game, no matter your opinion of their performance. Please demonstrate appropriate attitudes for the benefit of our children, and trust your coach to address any concerns with CYM in the appropriate manner.

**GYMS** – CYM uses parish gyms for games. If we do not take care of these gyms, we will lose them. Please monitor children and clean up trash. Please encourage your player to clean up the bench area. The gym coordinators, and the parents, players and coaches in the next game will appreciate it.

**ADDRESSING CONCERNS** – The first step in voicing **any** concern about players, coaches, officials, other parents, or any other topic, is to discuss it with your coach. If necessary, the coach then addresses the matter with the parish athletic association. Then, if necessary, the athletic association addresses the matter with CYM.

Please respect the “24 hour rule” in voicing concerns to your coach. Remember, he or she is volunteering this time, and after a week of preparing for and coaching a game, he or she needs a break just as much as your player does.

Thank you, and good luck to your team year!
